The next (and last!) question asks for your suggestions for next year's KLT. Your suggestions are really important for our survey but they can also help your school and your teachers understand the things that are important to children of your age. So we will make a list of all the ideas we get and send them to your school but because we do not have your name they won't know who they came from.

Q57. Did we miss anything that was important to ask about? What questions do YOU think should be on the survey for next year's P7 children? Please type your suggestions in the box below. NEXT YEAR

I can't think of any other questions that should be on the survey
