Good morning/afternoon/evening. I'm...and I'm from Ipsos MORI, the independent market and social research agency. We are conducting a study on behalf of Queens University Belfast and Ulster University called the Northern Ireland Life and Times Survey. The purpose of the Life and Times Survey to track what people in Northern Ireland think about a range of social and political issues over time. This interview should last approximately one hour and 10 minutes.

You should have received a letter similar to this (interviewer show copy of the letter) telling you about the survey and this included a link to the Ipsos MORI privacy policy, I have a hard copy here if you would like to have a look at it?"

Would you like to take part in this survey?

SECTION H: ROAD SAFETY

READ OUT

The Northern Ireland Road Safety Partnership was launched on the 1st July 2003 under the name 'Northern Ireland Safety Camera Scheme'. The programme aims to change drivers' attitudes towards speed and reduce the number of casualties on Northern Ireland's roads through targeted enforcement at locations where there is a history of collisions and a speeding problem or where collisions are caused by breach of a red light.

The scheme consists of 4 fixed speed cameras in Belfast, 1 average speed camera system between Belfast and Bangor and 8 speed camera vans that enforce throughout Northern Ireland. In addition to this there are 5 fixed Red Light Running cameras at junctions in Belfast and 1 in Foyle.
