## **INTRODUCTION SCREEN**

Thank you for agreeing to take part in this important research.

Please take the time to carefully read the information below and the privacy policy which can be found [here](#).

- The survey should take approximately <insert timings> minutes to complete.
- You will receive a £15 Love 2 Shop voucher as a thank you for taking part. You will receive this within 4-6 weeks of completing the survey.
- You can close the survey at any point and return to it later if you wish.
- The survey is being run by Ipsos on behalf of Queen's University Belfast and Ulster University and is called the Northern Ireland Life and Times (NILT) survey. It is a major study carried out every year and explores views on a range of social and political subjects.

This year, the survey covers relations between different groups of people living here, attitudes towards the parades in Northern Ireland, reconciliation, palliative care, criminal justice, gender-based violence, political attitudes and violence, as well as community safety.

## **NEW SCREEN**

Some of the questions in this survey will ask you to reflect on difficult issues that may be affecting you or someone you know. As the survey asks questions that are of a sensitive nature, you may prefer to complete it in private.

- For more information about the Northern Ireland Life and Times (NILT) survey and its role, please click [here](https://www.ark.ac.uk/ARK/sites/default/files/2022-08/NILT2022Leaflet.pdf) [link to <https://www.ark.ac.uk/ARK/sites/default/files/2022-08/NILT2022Leaflet.pdf>]

Taking part in this survey is completely voluntary, and the decision to participate, or not, is entirely yours. However, we would really value your contribution to NILT, which is the leading independent source of information on what people in Northern Ireland think about important social and political issues. The survey provides evidence for policy decisions and the data are used worldwide.

Your household was selected at random from the Post Office's list of addresses and we would like the adult in your household with the next birthday to complete the survey.

This research is carried out in line with the Market Research Society Code of Conduct, which provides anonymity and confidentiality to all research participants.

Your responses to this survey are treated confidentially. It will not be possible to identify you in the published findings. Your personal data will never be shared outside the research team without explicitly asking your consent, unless, in very rare cases, there is reason to believe that you or someone else is at serious risk of harm.

Your name and address are only captured for the purposes of conducting the fieldwork and will not be passed on to anyone outside the research team, without explicitly asking your consent. They are never linked to your responses.

## SECTION G: GENDER-BASED VIOLENCE

The next few questions are about your understanding of gender-based violence, especially, but not only, violence against women and girls.

Gender-based violence is violence directed against a person because of that person's gender, or violence that affects people of a particular gender disproportionately. It does not only relate to physical assaults but also includes words and actions that can cause someone to feel afraid, anxious or humiliated.

We understand that some people may find answering questions about gender-based violence unsettling and challenging. However, by getting a range of viewpoints from people of different ages and genders, our aim is to better understand the topic. If, at any stage, you do not wish to answer a question, you may skip it or move to the next section. [A skip button is included at the bottom of each screen]
